

**Q1:** Can you advise potential auctioneers as to the level of cost that the RWAS will charge for the 4 days of hosting this event?

**Answer:** At this stage of the process, we cannot divulge this information as it is commercially sensitive.

The Society has secured specific elements of the Showground, parking areas and buildings for the Festival sales location across a number of days over an initial five-year period. It is the Society's intention to be able to share more information with prospective auctioneers once they have submitted their tender applications.
